UNDER THE

BIG TOP

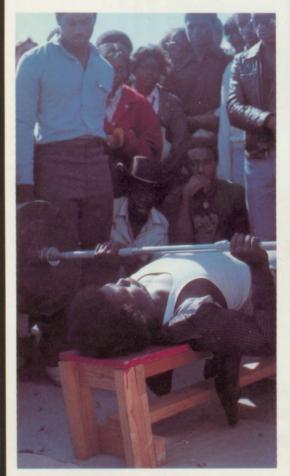

TAMING THE BEAST

The girl sees The merry-go-round Swirling before her The beasts staring at her with wild, fearless eyes. She stands there Undecided Where to get on. She picks her foe Climbs upon his back To find herself thrown upon the ground. She drags herself to her feet Shaken, afraid to try again But her pride forces her on. This time she chooses carefully Knowing now what she wants. She climbs on. He bucks, but she tightens her hold Riding the storm. The skies are silent. She is the master now, conquering all. Victory rides. The beast has been tamed.

Sonya Boltin

Cheerleaders get it together at summer camp.

Wesley Kitchens (right), winner of the Macho Legs Contest sponsored by Lasseter D.E.C.A. Second runner-up, Johnny Whitby and Third runnerup, Nelson Strubbe.

DEDICATION

The Valhalla Staff of 1980 takes great pride in its dedication this year to one of the most concerned and well-respected ladies in the Northeast complex.

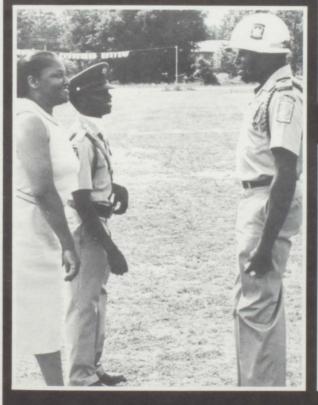

The job of a principal is a very demanding one, and enough recognition can never be given to a person who holds that title. For this reason we are dedicating this year's annual to Mrs. Lillie C. Wimberly.

Mrs. Wimberly has served Lasseter and Mark Smith students loyally, and we want to express our love and appreciation to her . . .

OUR LADY IN ACTION

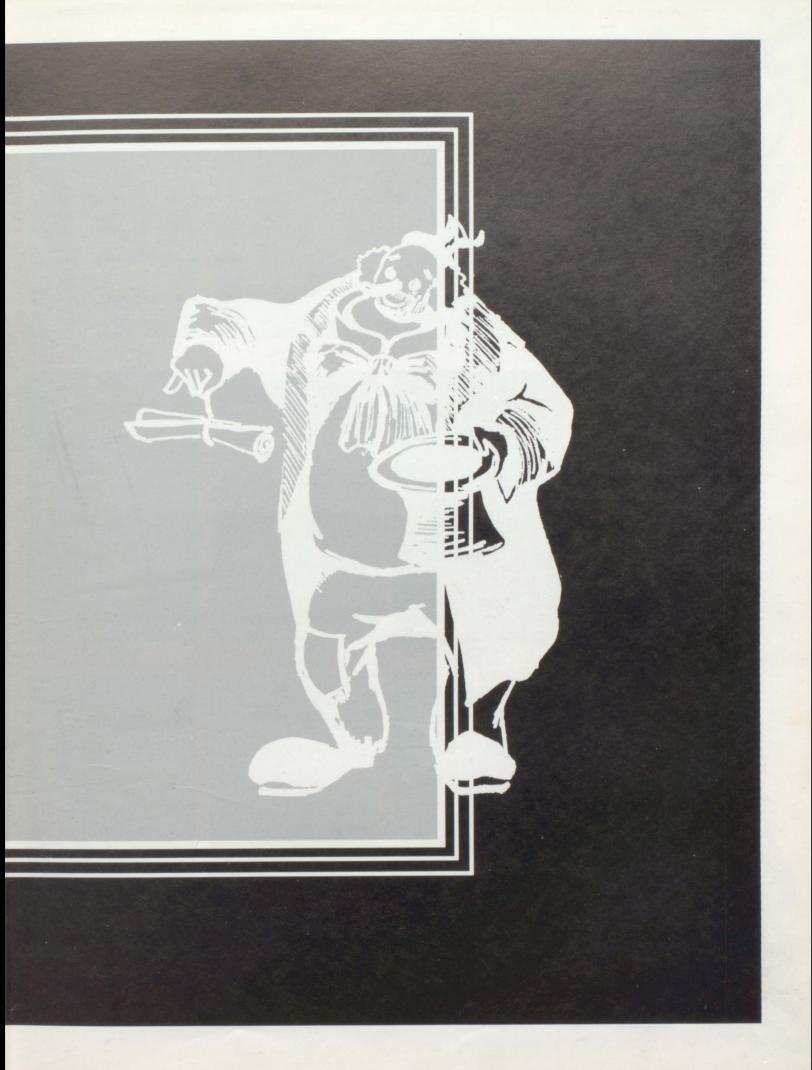

SENIORS

Left to Right: Marvin Ware — Business Manager, Lynn Tolliver — Secretary/Treasurer, Gary Mitchell — Business Manager. Not Pictured: Linda Archer — President, Ken Wynne — Vice President.

We the class of 1980 already know that we are the greatest.

We are #1 without a doubt, because we are the class who turns it out.

After we have departed the fun will not be gone. Class of 1981, please carry it on.

Love you, SENIORS of '80

The juniors, whose key responsibility is the prom spent many a Saturday selling doughnuts, key chains and other items to raise the money necessary to stage the elaborate event. When not hard at work the juniors direct their energy toward the spirit stick competition so readily sought by all. In a close race the Juniors were victorious in winning the spirit stick five times to the Seniors four and the Sophomores one time.

William Grant Vocational Supervisor

Lillie Wimberly Assistant Principal

Alan B. Northington Assistant Principal

Dear Students:

As this school year draws to a close I would like to wish all of you a pleasant summer. To graduating Seniors I would like to wish the best of luck in all your future endeavors.

I consider that, overall, this has been an excellent school year. Most students have conducted themselves in a mature fashion and with a sense of purpose and have cooperated well and acted as good citizens. I hope that your academic pursuits have been successful and that you have profited from all your activities.

World conditions are changing rapidly every day and a mere acquisition of facts, as important as facts are, is not enough to meet life head-on. I hope that your school activities this year will contribute toward making you more able to solve problems, to adapt to new situations, to exercise good judgment in all your affairs, and to acquire a proper set of values.

Once again, good luck and best wishes to you all.

Ed O. McDowell
Supervising Principal

LANGUAGE ARTS

The Northeast Language Art curriculum is designed to help students recognize the world they live in and help them master concepts that will increase their ability to cope with it through developing communication skills of reading, writing, speaking, listening, and viewing; developing the ability to think clearly and accurately; to draw conclusions, to make decisions and to take action based on evidence; developing an active interest in aesthetic experiences with the skills and attitudes necessary for satisfying self-expression in the creative arts, while widening students' career horizons.

Gwynneth Lamon

John Simmons

Rita Long Department Head

The mathematics department has made an attempt to create a curriculum which is success-oriented. The flexibility and variety of course offerings permit a program in which, realistically, every student can experience some success.

This course deals with the use of credit and installment buying. Taxes and car payments with insurance is studied in one of the units. This course also deals with the different types of math that deal with keep up a family or living alone. Some of the different units are Algebra, Geometry, and Trigonometry.

The curriculum is designed to prepare the student for the ways of living and how to work out different math problems.

Leonard Searcy

Kathleen Wheeler

"I'm thrilled . . ."

ART

The art curriculum offers a student the chance to pursue three major areas of art through drawing, painting, and ceramics courses.

In ceramic courses, the student is able to explore the nature of clay by producing sculptures and utilitarian objects.

The drawing courses are designed to help the student develop his drawing abilities. Early courses teach basic drawing principles with more advanced encouraging creativity.

In painting, the student is introduced to basic color theory. Advanced courses in painting focus more on artistic expression.

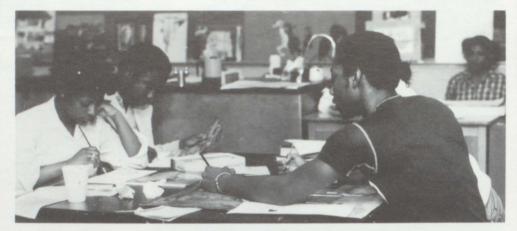

Mary Landrum

Elinore Kaplan

Jill Dodd

Left-handers do it better!

Allen Lewis

As an integral part of the total program of education, Industrial Arts provides unique opportunities for students to obtain representative industrial-technical experiences.

High school industrial arts courses provide fundamental training for students who desire to continue the study of industrial arts in vocational-technical schools, colleges or universities.

INDUSTRIAL ARTS

"Precision is our motto."

FOOD SERVICE

Gwendolyn Crafter

Food Service is a cooperative work experience designed primarily for juniors and seniors interested in a career in food service.

Students work in an approved job training station for a minimum of fifteen hours per week and receive related instruction in a food service class.

Good to the last drop!

Kitchen capers

The line up

VOCATIONAL OFFICE TRAINING

Vocational Office Training (VOT) is a cooperative work-training program for high school juniors and seniors preparing for employment in office occupations. Classroom instruction provides an opportunity to develop desirable personal qualities, traits and attitudes; to develop additional skills through a workable knowledge of office machines; to give experience in performing a variety of office duties; and to contribute to the development of the student's ability to think on the job.

VOT students receive five hours of credit for their VOT classroom work and an additional five hours of credit for their on-the-job training. This on-the-job training takes place in the local business community where VOT students are placed in part-

time office jobs. Leadership experiences are provided through the Future Business Leaders of America (FBLA) organization. Activities provide for leadership and citizenship experiences, social growth, civic consciousness and a respect for and knowledge of the free enterprise system.

Beverly Williamson

V.O.T.

"Dear Santa.

"Valkyries, Come on down!"

The JROTC course is a three year sequential course to acquaint the student with the organization of the armed forces. Students who take JROTC must enroll for all three quarters of the school year in order to receive credit. This course is available to both male and female students. Military uniforms are issued and are required to be worn during the conduct of the course. Emphasis is placed on leadership development, drill, and physical training. This course also deals with weapons safety and marksmanship which extends into the course. Personal hygiene and first aid are also taught. A unit on American military history is covered in the third course. A major unit of JROTC deals with land navigation.

NBA, Here we come!

Diversified Cooperative Training (D.C.T.) is a supervised, on-the-job, occupational training program. The controlling purpose of the program is to develop basic occupational skills that are necessary for employment and advancement in business and industry. The work-study arrangement combines classroom instruction in the school with part-time employment on jobs which require specific training. The D.C.T. Students spend one-half of the school day pursuing subjects required for graduation and studying information that relates to their chosen occupations. They also spend one-half of the day on the part-time job acquiring the skills and knowledge needed to do the work expected of them in their chosen occupations.

SOCIAL STUDIES

Jeannetta Echols

Susan Ethridge

Alvin Hudson

Claudia Hutchings

Robert Saxby

This course is designed to explore the contributions of famous Americans. Different units deal with mans role in the U.S. and some of the problems of the U.S. The homes, Adults, and Family's role in the U.S.

There are some units that deal with the history of America and its Government and some of the contacts and documents from the past up until now.

The news plays a big part in some of the units of this course.

The make-up of the worlds physical geographical and the universe is a part of this course.

Bonnie Stevenson Dept. Head

ACTIVITIES

Know when to hold 'em . . . Know when to fold 'em.

The Northeast Student Activities program has been designed with the student in mind and provide for extensive student involvement in the administration and supervision of the various activities. This program is in its fifth year at Northeast and has been very successful in different areas. The Student Activity Center is housed in Room 116 at Mark Smith and offers activities such as arts and crafts, informal reading, checkers, chess, and music. Intermural Sports are conducted through the Student Activities program. These sports include basketball, volleyball, flag football, softball, tennis, and golf. Mini-courses are also offered. They have included guitar lessons and instruction in self-defense.

Randy Crawford

Carey Stewart

BUSINESS

The business education curriculum has been written to meet the needs of all students, occupational preparation, or personal use. The course is designed to explore business career opportunities, develop basic economic concepts, and receive career guidance.

Students have the opportunity to develop a course of study in one of more of the four business career clusters available: Stenographic, Cler-

Theodora Thomas

ical, Business Management, or Data Processing. In this students can receive optimum preparation for employment whether they plan to work immediately after high school or after further education. Through these courses information about job opportunities, duties, working conditions, salary, benefits, and training requirements are provided.

Different types

Naomi Ferguson

Mary Alice Newberry

John Jordon

Arfinie Bishop

Patricia Lockett

CVAE

Students enrolled in Coordinated Vocational Academic Education Field Experience must also be enrolled in C.V.A.E. as a classroom course. Job experiences may be either in school or outside of the school setting. The student obtains general job information and is instructed in how to secure a part-time job.

Other topics include health habits, job applications and interview procedures. The student investigates the functions and roles of workers to employment, growing occupations, self-inventory and job preparation.

DISTRIBUTIVE EDUCATION

Nelson Strubbe

Jerry Reeves

John Matthews

The Distributive Education program provides career preparation in the areas of marketing and distribution. The D.E. student can study many diverse marketing topics such as advertising merchandising, communication, economics, and many others. Studies in the D.E. classroom help students achieve two goals. First, they obtain a good general background in those areas important to all marketing

businesses. At the same time, students can specialize. They can study topics that are especially important for a career in their favorite marketing related business. By doing this, individuals can prepare themselves for real success in business

MUSIC

Juanita Floyd

Willard Stevenback

Blow, Gabriel, Blow . . .

The courses in the Music department deal with the preparation of the student for musical careers or personal enjoyment. One phase of the program deals with the playing of instruments while another develops students' vocal talents.

MEDIA PERSONNEL

Louellen Berryman

Helen Epps

Kathryn Fowler Media Center Clerk

Desk job

The Media Personnel teach students how to use the materials in the media center and help the students locate and use the basic reference materials including encyclopedias, dictionaries, and Reader's Guide. The Media Specialists show students how to use the catalog card filing, book processing, and book repair.

Specialists teach the students how to operate and how to keep in order the audio-visual equipment. They also teach the student how to prepare audio-visual materials such as transparencies, color-lifts, laminated pictures, and bulletin boards.

"Go ahead, book me!"

FOREIGN LANGUAGES

The study of a foreign language can contribute greatly to a students understanding of the world and can give him a deeper appreciation of his own language and culture. Bibb County has designed a program to meet the needs of students who desire an intensive course in a language and of those who would like to experience a foreign language without making an in-depth study of it.

College-bound students who are undecided about their career goals are advised to take a foreign language in high school as preparation for further language study in college and as a part of their college preparatory program.

realm for the college-bound student only. Regardless of ones vocational aspirations, the student should find language courses a profitable and enjoyable experience.

We, the athletic department, feel that our athletic program is an integral part of the total school program. It not only enhances good school spirit but facilitates the total development of its participants.

Athletics have become a very vital part of our cultural heritage. Most Americans, either as active participants or as fans, view athletics with considerable interest. Participation in athletics is considered by many as an important part of the process of maturation — a kind of trial period during which the person develops character and learns to handle stress. There may be, in fact, no greater test of a person's character than to be placed in situations of stress like those found in athletics.

Many believe that athletics, for the most part, offers inherently beneficial values to the participant. There is a wide acceptance of theory that athletic participation has a considerably positive influence on the player with regard to responsibility, fair play, cooperation, concern for others, leadership, respect for authority, good citizenship, loyalty and tolerance. Therefore, we strive to develop a well-rounded athletic program for all our young women and young men at Northeast High School.

SCIENCE

HOME ECONOMICS

Bernice Williams

The Home Economics curriculum is designed to provide students with information dealing with decisions about the future. This includes such courses as family planning, housing and management, as well as courses such as clothing construction and nutrition.

"Sorry Maam, I have to repossess your stove."

LUNCHROOM

A hungry student cannot learn. The Type A lunch is planned to provide 1/31/3 of a students nutritional need for one day.

Offer-versus-serve pattern has been implemented to offer a greater variety and choice of food so something will be available that each student will enjoy.

My goal is to feed 100% of the students a nutritional balance tasty lunch each day, and hope their time spent in the lunchroom will be happy time that will contribute to their future well being.

"I would like to see a youth advisory council which will involve students in decision making for the lunchroom so that they would become more aware of their nutritional needs," says Mrs. Mitchell.

Continue Tradition

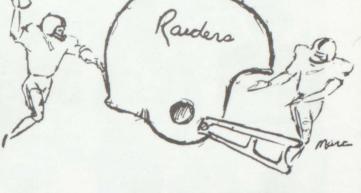

make the kill

Benny Baker

Jerry Williams

The 1979-80 football squad comprised mostly of upperclassmen began what is hoped to be a winning tradition at Northeast High School. Known for their hustle and aggressiveness, the Raiders gained state-wide recognition and shed new light on the Northeast Football Program.

The opening game of the season was a heartbreaking loss to the eventual state champions, Clarke Central of Athens. The Raiders made a last effort as the clock ticked down with the Raiders still driving on the fourteen-yard line. This seemed to boost Hatcher's squad for they were to come back even stronger against the always powerful Northside of Warner Robins.

The Raiders added a second one to the win column as they defeated Richmond Academy of Augusta, three-to-zero. This game turned out to be one, if not the most brutally fought games of the year.

Hatchers trenchmen had full control of the game from the opening kick-off to the final whistle. The offenses' long-awaited ability to score inspired the hardnosed defense to dig in, and deny Northside's potent wishbone the thrill of crossing the end zone.

The Raiders, enjoying their best start ever, were soon to be upset by crosstown rival Central. Being plagued with several injuries, the Raiders let another chance of victory escape.

Hatcher's crew still shocked by their disappointing loss the week before, was soon another jolt from undefeated Westside of Augusta. The Raider offense could not seem to get it all together as the defense broke and the Patriots scored seven to zero.

The Raiders' combination of exciting offense and Maddog defense were the deciding factors against crosstown rival Southwest. With blood in their eyes and a taste of victory on the tips of their tongues, the Raiders overpowered the Patriots in an emotional and total team effort — thirteen to two.

The Raiders, at this point in the season, now faced the undefeated Laney Wildcats of Augusta. Nov. 27th was to be a night of victory for Northeast. The Raiders defeated Laney six to zero.

The next game of the season was to be the game that knocked the off their highhorse. The Evans Bulldogs stunned the Raiders by drawing first blood on the scoreboard. The Raiders, working on a comeback, were leading late in the third quarter when the Bulldogs put the final and winning points on the board. The Bulldogs won fifteen to thirteen.

On November 4th the Northeast Raiders entered Porter Stadium for the last time in the 1979 season.

This season labled as the best ever was topped off with the high point victory of forty-nine to sixteen over the Baldwin County Braves. The Raiders, knowing that they wouldn't go any further in the season, put it all together and romped up and down the field all night.

The 1979-80 record-breaking Raiders are one team that will always be remembered at Northeast High School for these young men are the first winning team.

often than not came out on top.

One of the Raiders' wins came against East Laurens from Dublin, as our team came from behind by winning the last two rounds of the match. Later in the season the Raiders faced Josey from Augusta. By using skill and aggressiveness, the Raiders completely dominated the Augustans, and beat them soundly 60-12. The matmen also made a good showing in the area tournament by having five men in the quarter finals, one in the semi-finals, and sending one to the state tournament in Atlanta.

The newly-formed Northeast Foreign Relations Club sponsored the first annual United Nations Day at Northeast.

On October 31, 1979 the Foreign Relations Club went trick-or-treating for UNICEF in coordination with the International Year of the Child. Club members went from door to door and raised \$50.00 to be contributed to UNICEF fund to needy children all over the world.

Northeast's Foreign Relations Club traveled to Atlanta, Ga. for a Model United Nations held December 12-14. The model was sponsored by Georgia State University. Laura Minter returned home with an award for Best Delegate in Political and Security Committee.

In the future the club hopes to sponsor its own model for underclassmen to gain experience should they decide to take Foreign Relations as a senior. Club officers are now in the process of writing a constitution.

The Club participated in a Model United Nations at Georgia Southern College

in Statesboro, Ga.

Rita Long Advisor

The Math Club was organized during the 76-77 school term with 13 charter members and has continued to increase in membership each year. The club was organized to promote mathematics in the school and the community. The Northeast Math Club is two clubs in one. The 11th and 12th grade members with an average of 80 or above in two years of academic mathematics are also members of the National Math Club, Mu Alpha Theta.

During fall and spring quarters the Math Club sponsored a clean-up for the Northeast campus. They also hosted the Elementary Math Tournament for the N.E. feeder schools, co-hosted a county-wide math tournament, and co-hosted with Mercer University the State Math Tournament sponsored by the Georgia Council of Teachers of Mathematics.

Lisa Butts exemplifies the honor of a Sophomore Server.

The Northeast Golden Star is a monthly publication that serves as an outlet for students to express their ideas and opinions. It also keeps students up-to-date on current school, local and national events.

The staff is composed of students with a keen interest in journalism and who are seeking to improve their skills in this area.

The paper, as well as individual writers, have annually received awards of excellence in national and state competition.

Most of the money used to publish the paper comes from its own advertising sales and actual paper sales. However, they also sponsor sales of candy, poster and bumper stickers.

Salmagundi

Literary Magazine

Mrs. Shirley J. Macklin — Advisor

SALMAGUNDI: Advisor and Staff

The award-winning Salmagundi Literary Magazine is annually produced and published by students of Northeast High School. It is totally self-supporting through the sale of subscriptions and various fund-raising activities. The best poems, stories, artwork, and photography submitted by a diversity of students are chosen by the editors and staff.

The publication is usually distributed at the beginning of Spring Quarter. As a member of the Georgia Scholastic Press Association, the Staff annually attends the Convention at the University of Georgia in Athens and competes with other high school literary magazines in the state.

You deserve a break today!

Distributive Education Clubs of America
(D.E.C.A.)

D.E.C.A. is an organization for students enrolled in Distributive Education programs. All students enrolled in D.E. are eligible for membership in D.E.C.A. on a local, state, and national level. D.E.C.A. is designed to promote a total program of activities which develop leadership and individual growth. It is the only National Youth Organization operating in the nation's schools to attract young people to careers in marketing and distribution. D.E.C.A. offers Distributive Education students the opportunities that a civic or professional organization would offer a businessperson. Activities provide an educational program in the development of leadership ability, professional attitudes, better citizenship characteristics, and social growth of the individual

Moving right along . . .

Sitting down 1st row: Wesley Kitchens, Johnny Whidby, Keith Forehand, Lee Brooks, Billy Farmer, Trina Morgan, Stevie Kunkle. Officers: Ken Wynne, Renatta Orr. Standing: Gary Mitchell, Greg Espy, Lizzie Bell, Lynn Tolliver.

STUDENT

Student Council Objectives

The purpose of the Council shall be:

- 1. To provide significant learning experiences for not only students but also faculty, administration, and community.
- 2. To develop citizenship, scholarships, and leadership as well as to promote service and other basic human values.
- 3. To promote harmony and improve morale.
- 4. To assist in the management of the school.
- To provide a form for students' opinions and channels for students, involvement.
- 6. To provide for orderly direction of school activities.

Advisor Mrs. Hutchings

Left to Right: Herbert Neal, Renata Orr, Wanda Powell, Gary Mitchell, Lynn Tolliver, Sandra Wilson, Ken Wynne, Greg Espy, Lizzie Bell, Tim Montgomery, Lisa Knight, Sheryl Greyer, Jack Shelley, Troy Dean, Mrs. C. Hutchings.

TEACHER OF THE YEAR

Northeast was honored to have one of its own teachers named as *Teacher of the Year* for the Bibb County School System. Mrs. Bonnie Stevenson has taught social studies at Northeast for eleven years and has been department head in the Mark Smith Building for the past six years.

Mrs. Stevenson shows a genuine interest in her students and all students who have participated in her classes are aware of her concern for you as a person, as well as a student. She has a great amount of teaching ability and has a unique way of getting things through our sometimes thick heads. We feel it is a great honor to have a teacher of this caliber teaching at Northeast.

MONITORS

Smith Monitors L-R row 1: John Nesbit, Willie Sidney, Elton Brown, Ivan Evans. Row 2: Annette Seabrooks, Barbara Nelson. Row 3: Becky Allen, Dexter Gore, Carolyn Fraley, Natalie West, Beverly Hollins, Carolyn Demps, Vernice Fuller, Benny Braswell, Michelle Cohen. CREATION or EVOLUTION?

Interested in learning about the scientific body of knowledge which supports the Biblical Creation Model of Origins? Many well qualified scientists and educated professionals have become convinced that the Biblical Model of Creation and Earth Geological history is more scientific than the evolutionary model. Form your own opinion! For information write to: Institute for Creation Research, 2716 Madison Ave., San Diego, California 92116, or Dr. John Bowman, Shurlington Plaza, Macon, Ga. 31211.

How to get what you need to succeed.

A high school diploma, a useful skill and a mature approach are a good combination for success

The Army can give you the skill training you want.
The Army can also build your confidence.
If you qualify, you can learn one of hundreds of skills
—from cook to radio operator to X-ray technician.

Whatever skill you learn, you'll have ample chance to use it and prove how good you are at something

Of course, the Army doesn't "give" you anything. You earn what you get. You get what you earn.

MODEL UNITED NATIONS

The Foreign Relations Club held the First Annual Model United Nations this spring. Participating in the event were tenth and eleventh grade students who might be interested in taking the Foreign Relations class in the future. The students were each given countries to represent. F.R.C. members were then responsible for helping them research their countries and specific problems such as poverty, war and hostage situations within those countries. The participants then conducted a mock general assembly and security council meeting.

In the future the Foreign Relations Club hopes to improve the Model U.N. by having more students participating.

Lessons of patience, wit and compromising were

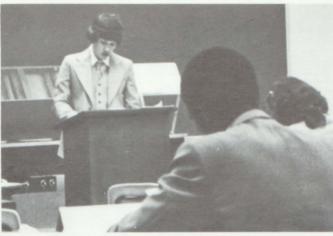

Pages such as Mary Slentz soon found sandals and sneakers a necessity.

Security Council members receive last-minute directions as the day begins.

"Ah . . . I think I forgot."

"We're gathered here today . . ."

"If I make a motion to amend . . . "
